

Advanced Manufacturing  
**CNC MACHINE OPERATOR TRAINING**  
The Northeast Advanced Manufacturing Consortium

## **OVERVIEW**

The CNC Machine Operator Training Program is a 12-week intensive non-credit training course designed to provide the knowledge and hands on skills necessary to prepare students for an entry level career in machining in a variety of manufacturing industries.

**WHEN:** May 30, 2017 – August 11, 2017

**TIME:** M – F, 8:00 AM – 5:00 PM

**COST:** Grant Funded for eligible applicants (\$6,000 for non-grant applicants)

**LOCATION:** Northern Essex, Riverwalk Campus, Lawrence, MA; Whittier Regional Vocational Technical School, Haverhill, Ma; Greater Lawrence Technical School, 57 River Rd, Andover, MA

## **CERTIFICATION**

Upon completion of this program, students are eligible to sit for the National Institute of Metalworking Skills (NIMS) Machine Operator 1 Certification Exam, and will also receive an OSHA 10 Certificate, and Northern Essex Community College's Advanced MFG Foundational Skills Certificate.

## **CAREER OPPORTUNITIES**

Complete the program in only 12 weeks to prepare for an entry-level career position as a CNC Machine Operator in manufacturing fields such as machine shops, parts manufacturers, metalworking machinery manufacturers, plastics products manufacturers, aerospace, and medical equipment manufacturers.

## **CAREER READINESS**

The students will also be participating in a variety of Career Readiness sessions such as Resume Writing and Interviewing Skills, Industry Tours, and a job fair.

## **PREREQUISITES**

Interview with a Career Development Coach or Career Center Case Manager, High School Diploma or GED/HiSET, completed TABE testing in math and reading at 8th grade or higher, CORI check required.

**Career Center of Lowell, 107 Merrimack Street, Lowell, MA 01852**

**Call Nancy Gagnon at (978) 805-4734 to schedule an assessment appointment to learn more about the training and determine if you qualify for funding!**
