WPI

MassMEP will be recruiting for 12 machine operator and production positions with northeast MA manufacturing employers.

CLASSES WILL BE HELD AT UMASS LOWELL'S NEW MAKER SPACE.

Successful candidates will be given 7 weeks (260 hours) of pre-employment training, including advanced CNC skills training at UML, MasterCAM training, and OSHA training.

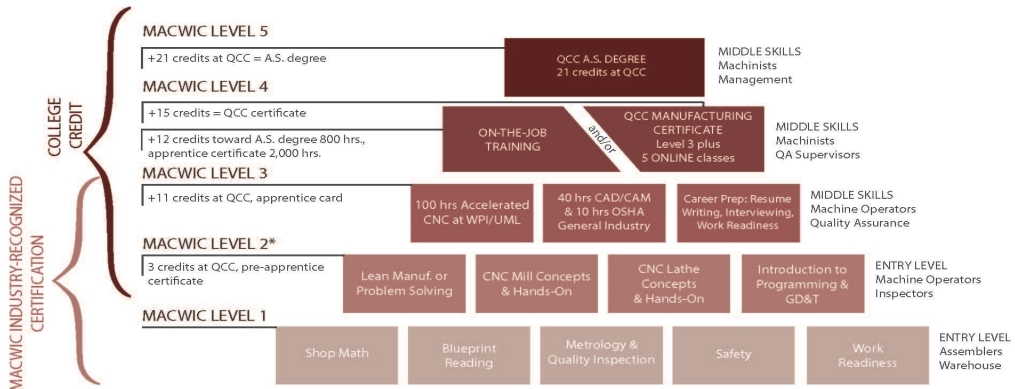

Shifts vary by company but priority will be given to those applicants who can work any shift.

CLASS DATES:

December 11, 2017 through February 6, 2018
